A Tip From The Pros You Can Use At Home

Flexible Sanding Block from the Office

Sometimes you need a sanding pad that's both firm and flexible. A small notepad works great. Just wrap sandpaper around the pad and bend the pad to whatever arc you need. Slip the one end of the sandpaper between the pages to help hold it in place on the pad. Give this a try the next time you're working on a project that has curves and tough to reach spots.

TORAH ACADEMY

Helping to Build Future Leaders

Supporting the Torah Academy

We are honored to contribute to the Torah Academy, an institution dedicated to providing quality education. We believe in investing in the future leaders of our community and are proud to support the Academy. If you would like to help them reach their goal by March 13th click the button below.
